Analytics

The visualization selected does not use forecasting or analytic insights

Select a visualization with analytics support to view and manage the analytics settings.

IBM Cognos Analytics interface showing a visualization of market sales data. The main visualization displays a line chart with a value of 2.34M. The interface includes a sidebar with 'Selected sources' and a list of fields (Branch, City, Customer type, Gender, Product line, Unit price, Quantity, Tax 5%, Total, Payment, cogs). A message on the right states: 'Could not validate module: The server is not responding it might be disconnected from the network.' Below this, a note says: 'The visualization selected does not use forecasting or analytic insights. Select a visualization with analytics support to view and manage the analytics settings.'
